

Item 8.01 Other Items

Third Quarter 2013 Distributions

The board of directors of Hines Global REIT have authorized us to declare distributions for the months of July - September 2013. These distributions will be calculated based on stockholders of record each day from July through September 2013 in an amount equal to \$0.0017808 per share, per day. Distributions will be paid on the first business day following the completion of each month to which they relate. All distributions will be paid in cash or reinvested in stock for those participating in the Company's distribution reinvestment plan.

Statements in this Current Report on Form 8-K, including intentions, beliefs, expectations or projections relating to the timing of payment of distributions, are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such statements are based on current expectations and assumptions with respect to, among other things, future economic, competitive and market conditions and future business decisions that may prove incorrect or inaccurate. Important factors that could cause actual results to differ materially from those in the forward looking statements include the risks associated with Hines Global's ability to pay distributions to its stockholders and the sources of such distribution payments, Hines Global's ability to locate and make suitable investments, and other risks described in the "Risk Factors" section of Hines Global's Annual Report on Form 10-K for the year ended December 31, 2012, as amended, and its other filings with the Securities and Exchange Commission.
