

## **Item 8.01 Other Items**

### **November 2018 Liquidating Distributions**

As previously disclosed in filings made by Hines Global REIT, Inc. (the “Company”) with the Securities and Exchange Commission (the “SEC”), with the approval of its stockholders, the Company has adopted a plan of liquidation and dissolution (the “Plan”), pursuant to which it expects to make aggregate liquidating distributions in the range of \$8.83 to \$9.83 per share (as estimated by the Company’s board of directors in April 2018). Accordingly, any distributions paid by the Company will be liquidating distributions pursuant to the Plan. The Company’s board of directors has authorized the Company to declare a liquidating distribution on the Company’s common stock, in an amount per share equal to \$0.0541667, to the Company’s stockholders of record at the close of business on November 30, 2018. These liquidating distributions will be paid in cash on December 3, 2018. In addition, all liquidating distributions will be designated by the Company as a return of a portion of the stockholders’ invested capital and, as such, will reduce the stockholders’ remaining investment in the Company. The designation of the distribution as a return of invested capital will not impact the tax treatment of the distributions to the Company’s stockholders. Although the Company has provided an estimated range of aggregate liquidating distributions, the Company cannot determine at this time when, or potentially whether, it will be able to make additional liquidating distributions to its stockholders or the amount of any such distributions.

Statements in this Current Report on Form 8-K, including intentions, beliefs, expectations or projections relating to the timing and payment of distributions, are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such statements are based on current expectations and assumptions with respect to, among other things, future economic, competitive and market conditions and future business decisions that may prove incorrect or inaccurate. Important factors that could cause actual results to differ materially from those in the forward-looking statements include the risks described in the “Risk Factors” section of the Company’s Annual Report on Form 10-K for the year ended December 31, 2017, and its other filings with the SEC.

## SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
